# THE STANLEY STEAMER IS THE KING OF RACERS.

## Opening Events of the Great 1906 Motor Tournament.

When I arrived to the beach at an early hour yesterday morning, to see the opening events of the great automobile races. The fact that it was raining kept me back. Those who wanted to see the races met there, and judging from the expressions heard, everyone was satisfied.

It is a fairly modern church, before all is the preliminary arrangements were completed. During the morning some of the racing machines lined the beach in front of the Club House, and the spectators were first busy putting people back within the bounds. Everyone was eager to get close to the great marvels, but in many instances officials and members of the association could be seen groping, discussing the speed, tactics and mechanism of the racers. The grandstand recently erected, was not open, owing to the inclement weather and the wet condition of the track. But the small stand in front of the clubhouse, on the platform, was open, and during the races was filled, sitting men and women.

Index, who seemed no much or more in

Today the association will place a way in front of the large grandstand which will clear the people from the vicinity, and give the patrons of the stand an unobstructed view of the action.

Automobiles galloped were lined up the beach close to the sand hills, and there was no trouble experienced in keeping the rare masses clear of cars and people after the events were once on.

Explosives were hoisted on every side as to how smoothly things were in operation, and the general way in which affairs were carried on, everyone assigned to duty seemed to have been trained to the work and there was not the least bit of friction.

The Club House during the entire day was filled with people who walked back and forth from the bench at intervals. The buffet did not do a rushing business.

### SHIRT AND CUFF NOTES OF THE RACES

H. L. Bonfien's powerful private car makes a trip over the course each morning before the races are run, in order to make sure that there is no wreckage or dangerous places on the track.

A. C. McMurtry had considerable trouble in operating his automatic gun used in connection with the timers, on account of the cartridges being swollen.

The elevated stand directly in front of the Club House is for members, and those others wearing blue or red knicker will be admitted.

During the past few days the Florida East Coast Automobile Association have taken in fifty new members.

Defence Robert Lee Morrell, chairman of the Racing Board of the American Automobile Association, with headquarters in New York City, was on hand at the beginning of the races. He highly complimented the officials on their able management, and said that he considered that the races were being handled better than the Kentucky Derby races.

Col. Frank M. Joyce, president of the Minneapolis Automobile Association, is certainly entitled to great credit for bringing such a fine representation, and his action is worthy of commendation.

Mr. and Mrs. John F. Wilson, who arrived here last night with the Minneapoliis party, will remain here the balance of the winter. They will make the

The public are especially warned to keep their dogs away from the racing beach, as the sheriff and his deputies

All tickets for the grand stand at the bench must be procured there of Commodore J. H. Allen who is in charge of this feature.

The Minneapolis trophy is on exhibit at the home of President Ann Paine, on Ridgewood Avenue. It stands fully three feet in height, and is certainly exquisite. It is made of sterling silver.

**PROGRAM FOR TODAY.**

The races will commence today at eleven o'clock, starting from the Club House at the Daytona end of the Beach.

## THE STANLEY STEAMER IS THE KING OF RACERS.

### Opening Events of the Great 1906 Motor Tournament.

Crowds thronged to the beach at an early hour yesterday morning, to see the opening events of the great automobile races. The fact that it was raining kept few back. Those who wanted to see the races saw them, and judging from the expressions heard, everyone was satisfied.

It was fully twelve o'clock before all of the preliminary arrangements were completed. During the meantime some of the racing machines lined the beach in front of the Club House, and the deputies were kept busy putting people back within the bounds. Everyone was eager to get close to the great marvels, and in many instances officials and members of the association could be seen grouped, discussing the speed qualities and mechanism of the racers.

The grandstand recently erected, was not open, owing to the inclement weather and the wet condition of the seat. But the small stand in front of the Club House, on the platform, was in use, and during the races was filled with ladies, who seemed as much or more interested in the races as the men.

Today the association will place a wire in front of the large grandstand, which will clear the people from that vicinity, and give the patrons of the stand an unobstructed view of the course.

Automobiles galore were lined on the beach close to the sand hills, and there was no trouble experienced in keeping the race course clear of cars and people, after the events were once on.

Expressions were heard on every side as to how smoothly things were in operation, and the general way in which affairs were carried on; every one assigned to duty seemed to have been trained to the work and there was not the least bit of friction.

The Club House during the entire day was filled with people who walked back and forth from the beach at intervals. The buffet did not do a rushing business.

### SHIRT AND CUFF NOTES OF THE RACES.

H. L. Bowden's powerful private car makes a trip over the course each morning before the races are run, in order to make sure that there is no wreckage or dangerous places on the beach.

A. C. McMurtry had considerable trouble in operating his automatic gun used in connection with the timers, on account of the cartridges being swelled by the damp weather.

The elevated stand directly in front of the Club House is for members, and none others wearing blue or red badges will be admitted.

During the past few days the Florida East Coast Automobile Association have taken in fifty new members.

Referee Robert Lee Morrell, chairman of the Racing Board of the American Automobile Association, with headquarters in New York City, was on hand at the beginning of the races. He highly complimented the officials on their able management, and said that he considered that the races were being handled better than the Vanderbilt cup races.

Col. Frank M. Joyce, president of the Minneapolis Automobile Association, is certainly entitled to great credit, for bringing such a fine representation, and his action is worthy of emulation by other clubs.

Mr. and Mrs. John F. Wilcox, who arrived here last night with the Minneapolis party, will remain here the balance of the winter. They will make their home at The Clarendon.

The public are especially warned to keep their dogs away from the racing beach, as the sheriff and his deputies will shoot them if found there.

All tickets for the grand stand at the beach must be procured there of Commodore J. H. Allen who is in charge of this feature.

The Minneapolis trophy is on exhibition at the home of President Asa Paine, on Ridgewood Avenue. It stands fully three feet in height, and is certainly exquisite. It is made of sterling silver.

The Vanderbilt car has not yet been weighed in.

# PROGRAM FOR TODAY.

The races will commence today at eleven o'clock, starting from the Club House at the Daytona end of the Beach.

### HEMERY WITHDRAWS HIS DARRACQ RACERS.

A noticeable feature of yesterday's races was the withdrawal of the Darracq cars. The smaller of the Darracq cars, when weighed, was found to be forty pounds over weight. This created an argument between the drivers of the cars and the management, and the former decided that they would return to the Hotel Ormond and not participate in the days events.

It is the prevailing impression in the absence of the manager of the Darracq cars who was unavoidably detained in New York on account of his steamer arriving late, that Mr. Hemery took it upon himself to withdraw the cars without any apparent reason than to avoid the meeting of the Stanley steamer which would have undoubtedly beat him.

The racing board of the association felt that the cars were withdrawn with-

### World's Record Again Lowered on the Ormond-Daytona Beach.

Stanley's racing car made a mile on the beach shortly after noon yesterday in 32 1-5 seconds. This breaks all previous records and is an indication and belief that two miles a minute will be accomplished. Last year's record was done in 34 2-5 seconds, by McDonald on the Ormond-Daytona course. Bowden made a mile in 32 4-5 last year, but his machine was over weight and the record was never recognized. This race was for the Sir Thomas Dewar trophy.

The first heat was full of enthusiasm, and interest ran high. Stanley's car was nipped and tucked with the Fiat car, owned by George W. Young, and driven by H. W. Fletcher, when it passed the clubhouse, but it could be plainly seen that Marriot, driver of the king of racers, was just beginning to let out his machine at full speed. The Fiat car made the distance in 41 seconds, while the Napier finished the trip in 40 seconds.

In the second heat was Cedrino with his Fiat car numbered 7. He, however, covered the mile in 38 1-5 seconds, while the other Fiat car, driven by Lancia, and numbered 8 made the mile in 37 3-5 seconds. At the time the racers passed the Club House, Lancia was ahead by one length.

In third and final heat three cars were allowed to participate. Several attempts were made to get a start, but without success. Finally Stanley and Cedrino were off and the time was made in 33 seconds flat, with Stanley a winner. Cedrino covered the mile in 38 seconds one-fifth of a second less than what he made in the second heat. Lancia was supposed to participate in this heat, but he decided not to make the start.

**EVENT NO. 7.**

A one-mile heavy-weight championship race for gasoline cars was the next event on the program.

Participants in this event were the Fiat 110-horsepower car, owned by George W. Young, and driven by H. W. Fletcher; Cedrino, with the other Fiat car, also 110 horsepower, and the Harding car, 90 horsepower, known as Daimler, and driven by Joseph Downey; Clifford-Earp, with his 80 horsepower Napier, and Lancia with the third of the Fiat cars, of 110 horsepower.

In the first heat the participants were Fletcher, who had the inside, and Cedrino held the pole. Harding had third position. The time made by Fletcher was 39 4-5 seconds, and Cedrino finished up in 39 3-5 seconds, winning out by the close margin and time of one fifth second. Harding ran last in the heat and no time in consequence was taken. Fletcher and Cedrino passed the Club House nipped and tucked and excitement at this stage ran high.

In the second heat, the starters were Edge, Lancia and Harding. The former covered the course in 43 3-5 seconds, while Lancia made the time in 42 seconds flat. Harding was again unfortunate, and his machine fell behind.

In the third and final heat Cedrino had the pole, Fletcher second position, with Lancia in third position. Fletcher covered the mile in great time, coming out victorious. His time was 32 3-5 seconds. Lancia did the mile in 37 seconds flat, while Cedrino was 100 feet in the rear at the finish. At the time they passed the clubhouse all three machines were abreast, and the crowds rushed forward to get a glimpse of the racers speeding down the course.

**EVENT NO. 10.**

The 1-mile middle weight championship, being event No. 10, came around in due course of time, but it was decided by the association to have this race pulled off later, as only two cars, the Reo Bird and Fiat Jr., had shown up. A trial heat was run, but no official time was taken.

**A MILE IN 31 4-5 SECONDS.**

In event No. 13 for the one mile championship, the Stanley racing car was the only car of importance that participated. This machine ran under very favorable conditions, and a mile was cleaned up in the fast time of 31 4-5 seconds. The other two Stanley cars participated in the event to make it a race, and that it may be officially recorded.

**HOW THEY WILL BE RUN.**

The wish of the officials of the automobile association is to run the 5-mile race, beginning at Ormond, if the wind and tide are favorable. If not, the races will start five miles south, and finish at the Club House, provided there is not a north wind blowing, and if such a wind prevails, the races will be run south from the Club House.

### NEW BUDGET MADE UP.

\*\*\*  
About \$16,000 Will Be Raised by  
Assessment Next Year to  
Run the City.

The city budget for the ensuing year  
was made up at Monday night's meeting  
of the city council.

Marshal Zuber's salary was cut from  
\$50 to \$40 per month; outside of this  
it was agreed to let the salaries of the  
other city officers remain as heretofore.

The new budget will amount to about  
\$1000 more than this year. There were  
several new items that came up for con-  
sideration that had to be allowed, among  
them being the installation of the city's  
new books which will amount to \$500,  
the allowance of \$200 for the new  
Library, now under course of construc-  
tion, and the increasing of the city at-  
torney's salary from \$50 to \$100 each  
year.

The budget at last decided on is as  
follows:

Sanitary officer	\$450
City books and installing	500
Clerk	250
Marshal	450
Treasurer	100
Assessor	300
Collector	500
City Physician	125
Library allowance	500
Mayor's salary and office rent	600
Interest on bonds	905
Street lighting	1000
Printing	300
Fire protection	300
Streets and sewers	5000
Extra police	750
Sundries	1000
Total	\$15,980

Each item of expense was taken up  
separately and discussed at length. The  
way in which a new budget was made  
up, met with the hearty approval of  
those in attendance.

Marshal Zuber, who was present dur-  
ing the proceedings, stated that the  
action in cutting down his salary was a  
rebuke to him, and that he was of the  
opinion that he fully earned every cent  
that was paid him. He said that on  
many occasions he has remained up all  
night working in the interest of the city.  
His speech, however, did not move the  
council.

City Clerk Wilkinson spoke of the in-  
stalling of the new books, and he said  
that they would be ready when the new  
council came into office. Mr. Wilkinson  
said that he did not know whether he  
would need any extra help in keeping  
up the records. This, however, will come  
as an after consideration.

President Harris spoke of the building  
which the Daytona Library Association  
are erecting on the City Island, and he  
said that he was in receipt of a commu-  
nication from Rev. Arnold, who is con-  
nected with the association, asking that  
the city donate \$500 as running expense  
of the library for the coming year. He  
also said after the building was com-  
pleted, it was the intention of the associ-  
ation to turn the building and the books  
over to the city as city property. The  
council did not strongly object to this,  
but they did make a kick on the amount  
of money that was asked. They de-  
cided to give them \$200. They also ac-  
cepted the library as city property. A  
committee of three with Engineer

Rogers, were appointed to visit City Is-  
land and stake out an avenue through  
the center, and also lay the lines for the  
new library building.

## Pickert Player Dies.

George Sezen, of New York City, an  
actor connected with the Four Pickerts  
Company, which is playing at DeLand  
this week, died suddenly Monday morn-  
ing of apoplexy. He leaves a widow,  
who is also a member of this company.  
He was taken sick Friday afternoon,  
and was unable to take his part in the  
performance Friday night. His sickness  
was not considered serious, but during  
the last act his wife was called to his  
bedside, and remained until his death  
a few hours later. The body was ship-  
ped to New York.  
Sezen was with the company in Day-  
tona a few weeks ago.

## ALL ALONG THE EAST COAST ...

## GREENE MAKES A STATEMENT.

Says He Will Continue in the Race  
for Mayor if a Sufficient  
Number So Desire.

Editor Daily News:  
I wish, through the columns of your  
paper, to make a statement of my posi-  
tion in regard to the mayoralty ques-  
tion, which is now before our people.  
Some one has been so persistently at  
work for some time back mis-represent-  
ing my position, that I feel it due to  
myself to make this statement. I have  
in the past repeatedly refused to accept  
the nomination for Mayor of Daytona,  
but this year there seemed to be such  
an urgent demand for a change in that  
office, and there being no opposing can-  
didate against the present incumbent,  
who had previously declared his inten-  
tion of again being a candidate, and Mr.  
Rix, who, having been mentioned for  
that position, coming out openly in The  
Daily News of the 10th or 11th inst.,  
and declaring he was not a candidate, I  
then consented, and so stated, through  
the same paper of the 13th, that I would  
be a candidate for the Mayoralty, and  
also in the Halifax Journal, of the 17th.  
In the same issue of the Journal also  
appeared a notice calling for a meeting  
to make nominations, and signed "Com-  
mittee." As we have no committee  
here authorized to call such a meeting,  
very few paid much attention to it, but  
those of my friends who did go there  
found that the meeting was called in  
the interest of Mr. Rix and he was  
made the nominee of that meeting.  
This not being a representative meet-  
ing of the voters here, my friends that  
were there, and many that were not,  
still insist that I shall remain a can-  
didate. Now, in order to gratify myself  
in this matter, I ask my friends, colored  
as well as white, who are voters or tax-  
payers here to drop me a line through  
the mail, stating whether they are vot-  
ers or taxpayers, and whether they wish  
me to still continue or withdraw from  
the contest. If sufficient numbers ex-  
press their wish for me to continue, and  
I should be elected I have but this  
promise to make. With the assistance  
and cooperation of all good citizens I  
should endeavor to the best of my abil-  
ity to enforce the ordinances, and to  
give our city an honest and prudent as  
well as a progressive administration.  
Very respectfully,  
E. W. GREENE.

\*FOR SALE—HOUSE BOAT, YACHT-  
BUILT AND FINISH. 97' over all, 200  
beam, 21' 6" draft. Twin screws, gas en-  
gines, electric lighted. Complete in every  
detail. Now in commission at Miami.  
R. M. Munroe,  
Cocoanut Grove, Fla.

\*Florida Motor Co. will store your  
auto. Second Entrance on Magnolia,  
near postoffice.

### MAY VOTE ON BONDS.

An Ordinance Providing for Bonds for  
Building of Sewerage and Water-  
works System Now on its Way.

An ordinance to provide for the issuing of bonds, for the establishment of a sewerage and waterworks system, came up before the City Council Monday evening for consideration and it passed on its first and second readings.

The ordinance gives the Mayor the power to call a special election for purpose of voting on a bond issue of \$115,000.

The proposed bonds are to run in denomination from \$500 to \$1000, the principal of which shall be payable at the end of not less than twenty years nor more than 40 years and they shall bear interest at a rate to be fixed by an ordinance, not exceeding 5 per cent payable semi-annually.

The Mayor and City Council will levy annually a special tax on the taxable property within the corporate limits to pay the interest on the bonds and provide a sinking fund for the payment of them. There will be a board of trustees, whose duties it shall be to receive the bonds, and to dispose of same.

Stipulated on the ballot will be \$115,000 for these improvements, which will be \$50,000 for waterworks and \$65,000 for sewerage. Any voter can vote on these improvements, for or against, separately.

The ordinance will come up at the next meeting, and if it passes on its third reading the Mayor will then issue his proclamation calling a special election.

A communication was received from S. H. Gove, superintendent of the Electric Light Plant, relative to the bill of \$855 recently rendered by that company for lights. Mr. Gove said he would reduce it to \$800. He further said that the poor lights were no fault of theirs, and that there was a stipulation in the contract which covered the lighting contract, in case of an accident. The city solons were not pleased with the bill, and a committee consisting of President Harris, Mayor Smith and Clerk Wilkinson was named to again confer with Mr. Gove and see if the bill could not be reduced to the extent of 20 per cent.

An ordinance covering the filling in of Block 19, in certain low places, came up for its first reading, and passed. The estimated cost of the work will amount to \$212.

### THE SPECIAL IS HERE.

Trainload of Minneapolis Motorists  
Arrived This Morning.—Those  
Who Comprise the Party.

### Expert Operators.

Six of the swiftest and most expert operators in the employ of the Western Union Telegraph Company, of Jacksonville, have been sent to the Ormond-Daytona races to handle the immense amount of press matter and bulletins that will be filed.

Those who are detailed for this duty are Herbert Romyer, Edward J. Specht, Robert T. Adams, Walton H. Colson, W. S. Mohsberg and W. H. Walters. Messrs. Colson and Walters are at the automobile clubhouse, from which point the results are flashed to the leading papers of the United States and Europe, after the finish of each race. The others are at Hotel Ormond.

W. G. Peebles, assistant superintendent of this district of the Western Union, is in charge, which is a guarantee that all dispatches will be promptly handled.

FOR SALE—800 acres of the very best hammock land situated on the bank of the Indian River North, to be sold at the lowest price, very desirable location. No better place in the state for a town site. Smaller fields for sale. Enquire of E. A. MARSH, 23-3t Oak Hill, Fla.

FOR THE SEASON.

## Shoes for the Whole Family.

Some people appear to think that it makes no particular difference where they buy shoes, that all shoe stores are about alike and that it's about the same thing everywhere. These people are laboring under a great hallucination of the mind, for there is fully as much difference in shoe stores as there is in the people who wear the shoes.

We've Shoes for Men, Women and Children,  
of certain styles and special makes that cannot be found in other stores, at near  
so low prices.

We have many styles in Black, Tan and  
Canvas, also Lawn Tennis.
